about

Hi, I'm Tom

Tom is a distinguished master portrait photojournalist and the founder of LAdigitalPhoto, a premier life event photography company based in Pasadena, California. With over 21 years of experience, Tom has been the first-choice wedding photographer for hundreds of clients, capturing moments across California and beyond. His expertise extends beyond photography to include comprehensive services such as videography, DJ/MC, and photo booth rentals, ensuring a seamless experience for any event. Tom's dedication to his craft and clients has solidified his reputation as a leading portrait photojournalist in Southern California.

“Tom is a wonderful wedding photographer in every sense-- organized, professional, accommodating and excellent at his craft.

He kept us loose and smiling throughout the wedding and his experience in knowing what to get helped us to make a timeline that fit our day and what we wanted to capture. He was also incredibly easy to work with during the editing and selects process. The album that came back was high quality, good printing and nice material throughout.

Christian was the videographer who we were paired with and he was also great at putting everyone at ease and recording everything we wanted. We ended up with a perfect short edit as well as a long one of our wedding day.

We would wholeheartedly recommend LA Digital Photo to anyone who wants their special day captured.”

Kris Hattori

"Tom was absolutely fantastic. He cared for us like he knew us for a long time and had been a part of our family. I was overwhelming impressed with his professionalism, expertise and desire to make our day as memorable as possible.

*Oh and the turn around on getting our photos was
OUTSTANDING! Thank you so much Tom!!"*

"Tom was absolutely amazing! Not only did he have the best energy and a great sense of humor, but he was also incredibly nice to work with. It was evident that he knew exactly what he was doing, and his expertise showed in the stunning photos we received.

Our pictures turned out beyond awesome; they captured every special moment beautifully. His direction during the photoshoots ensured that we got the best shots possible, and he made us feel comfortable and relaxed throughout the day.

I couldn't have asked for a better photographer to capture our wedding memories. If you're looking for someone talented, fun, and professional, look no further! Thank you for your fantastic work and for giving us photos we'll cherish forever."

Victoria Vo

faq's

do you travel for weddings?

Yes, we do travel and have no travel fees from San Diego to San Luis Obispo. Travel costs are required outside this area and are based on the actual costs to book flights and stay overs when needed.

when do we receive our photos? video?

For Tom, all photos are provided in under 10 days and for the rest of the team under 14 days. Video highlight reels take 2 months to complete.

can we meet with you before the wedding day?

Of course. It is not as common as it used to be honestly and most meetings occur during your pre wedding engagement photo session, but I can also meet you at your home or a local coffee shop or via a zoom call too.

how to book

I can't wait to work with you to capture all the moments from your wedding day.

In order to book your date I need a completed contract and payment of a \$500 for deposit (with the remaining balance due 5-7 days prior to your wedding).

If you'd like to book your date with me please let me know what package you would like and send over your full names and email address. I'll then send you a contract to complete.

We can work with nearly any budget and have different levels of experience team members to help you and your fiancé. Remember we do custom quotes based on your specific needs and the number of hours needed.
